Table Name	Field Name	Datatype	Length	Required	PK/FK	Default	Reference	Description
Users	user_id	serial		Y	PK			Auto increment
	faculty_id	int			FK		Faculties	
	role_id	int		Y	FK		Roles	
	created_by	int			FK		Users	secretary/super/sub
	num_id	varchar	30	Y				Employee ID
	full_name	varchar	100	Y				
	gender	varchar	30					male/female
	email	varchar	255	Y				Email unique
	phone_number	varchar	20	Y				
	password	varchar	255	Y				encrypt
	profile_image	varchar	255					Image URL
	is_active	boolean		Y		true		True = active/ false = inactive
	created_at	timestamp				Current timestamp		
	updated_at	timestamp						Last updated
Faculties	faculty_id	serial		Y	PK			Auto increment
	faculty_name	varchar	255	Y				
	description	varchar	255					optional
	is_active	boolean		Y		true		True = active
	created_at	timestamp		Y				
	updated_at	timestamp						
Rooms	room_id	serial		Y	PK			Auto increment
	room_name	varchar	100	Y				
	building	varchar	100	Y				
	location	varchar	255					
	capacity	int	100					
	description	varchar	255					
	is_active	boolean		Y		true		true=active
	created_at	timestamp		Y				
	updated_at	timestamp						
Roles	role_id	serial		Y	PK			Auto increment
	role_name	varchar	100	Y				Super Admin / Sub Admin / Secretary / Room Manager / Media Manager / Lecturer
Events	event_id	serial		Y	PK			Auto increment
	faculty_id	int		Y	FK		Faculties	
	created_by	int		Y	FK		Users	Secretary of faculty
	category_id	int		Y	FK		Categories	internal/external
	event_mode_id	int		Y	FK		Event_Mode	At hall / online/ hybrid
	visibility_id	int		Y	FK		Visibilities	public/private
	event_status_id	int		Y	FK		Event_Status	draft/upcoming/published/completed/cancelled
	event_type	varchar	255	Y				workshop
	event_title	varchar	155	Y				
	online_platform	varchar	155					Zoom/ google meet
	meeting_link	varchar	255					
	event_date	date		Y				
	start_time	time		Y				
	end_time	time		Y				
	expected_participants	int						

	description	varchar	255					
	need_media_team	boolean		Y		false		true= yes
	cancelled_reason	varchar	255					Why cancel event
	cancelled_by	int			FK		Users	
	cancelled_at	timestamp						
	published_at	timestamp						
	created_at	timestamp		Y				
	updated_at	timestamp						
Room_Booking_Requests	booking_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	room_id	int		Y	FK		Rooms	
	requested_by	int		Y	FK		Users	
	reviewed_by	int			FK		Users	
	booking_status_id	int		Y	FK		Booking_status	pending/approved/rejected
	booking_date	date		Y				
	start_time	time		Y				
	end_time	time		Y				
	rejected_reason	varchar	255					
	requested_at	timestamp		Y				
	reviewed_at	timestamp						
Event_Invitations	invitation_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	user_id	int			FK	null	Users	Internal invite
	guest_id	int			FK	null	Guests	
	invitation_method_id	int		Y	FK	both	Invitation_Method	Default is BOTH. System sends by Email and Telegram
	invitation_response_id	int		Y	Fk		Invite_Response	join/maybe/decline
	response_token	varchar	255	Y				Token for response without login
	sent_at	timestamp		Y				
	responded_at	timestamp						
Attendance_Records	attendance_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	user_id	int			FK		Users	
	guest_id	int			FK		guest	
	attendance_method_id	int		Y	FK		Attendance_Methods	Qr/manual
	attendance_status_id	int		Y	FK		Attendance_Status	pending/present/absent
	check_in_time	timestamp						Only present status
	created_at	timestamp						
Media_Tasks	media_task_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	media_manager_id	int		Y	FK		Users	Media
	media_response	varchar	50	Y		pending		pending/accepted/rejected
	reject_reason	varchar	255					
	assigned_at	timestamp						Time sent to media
	responded_at	timestamp						Date/time when Media Manager accepted or rejected the task.
	media_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	

Event_Media	uploaded_by	int		Y	FK		Users	secretary/media
	media_type_id	int		Y	FK	Media_Types		photo/video/drive link
	title	varchar	255					
	file_url	varchar	255			null		Upload media url
	drive_link	varchar	255			null		Google drive link
	uploaded_at	timestamp						
Event_Attachments	attachment_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	uploaded_by	int		Y	FK		Users	
	title	varchar	155	Y				Attachment title
	description	varchar	255					
	attachment_type	varchar	50					agenda/document/image/other
	file_name	varchar	255	Y				File name
	file_url	varchar	255	Y				
	file_type	varchar	50					PDF/ Docx/PNG
	file_size	varchar	10					2.3 KB
	uploaded_at	timestamp						
Guests	guest_id	serial		Y	PK			Auto increment
	full_name	varchar	50	Y				
	gender	varchar						
	email	varchar	155					
	phone_number	varchar	20					
	faculty_id	int			FK	null	Faculties	
	job	varchar	155					student/teacher
	created_at	timestamp						
QR_Codes	qr_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	qr_token	varchar	255	Y				Unique QR
	is_active	boolean		Y		true		Qr active status
	generated_at	timestamp		Y				When generate
	expired_at	timestamp		Y				QR expired time, usually event end datetime.
Notifications	notification_id	serial		Y	PK			Auto increment
	user_id	int		Y	FK		Users	Receive user
	event_id	int			FK		Events	Related event
	notification_type_id	int		Y	FK		Notification_types	reminder/reject/update
	title	varchar	155	Y				
	message	text		Y				
	is_read	boolean		Y		false		True = read
	created_at	timestamp						
Report_Exports	report_id	serial		Y	PK			Auto increment
	event_id	int		Y	FK		Events	
	generated_by	int		Y	FK		Users	
	report_type	varchar	50	Y				PDF, Excel
	file_url	varchar	255					Export file URL
	generated_at	timestamp		Y				
Password_Resets	reset_id	serial		Y	PK			Auto increment
	user_id	int		Y	FK		Users	User who request reset
	reset_token	varchar	255	Y				
	otp_code	varchar	10					
	expired_at	timestamp		Y				
	is_used	boolean		Y		false		True = already use

	created_at	timestamp						
Event_Categories	category_id	serial		Y	PK			Auto increment
	category_name	varchar	100	Y				internal/external
	created_at	timestamp						Create date
	updated_at	timestamp						
Event_Modes	event_mode_id	serial		Y	PK			Auto increment
	mode_name	varchar	50	Y				At room / online/ hybrid
	created_at	timestamp		Y				
Event_Visibilities	visibility_id	serial		Y	PK			Auto increment
	visibility_name	varchar	50	Y				public/private
	created_at	timestamp		Y				
Event_Statuses	event_status_id	serial		Y	PK			Auto increment
	event_status_name	varchar	50	Y				draft/upcoming/publish ed/completed/cancelled
	created_at	timestamp		Y				
Notification_Type s	notification_type_id	serial		Y	PK			Auto increment
	notification_type_name	varchar	100	Y				Room approved/invited response/ event/ cancel
	created_at	timestamp		Y				
Media_Types	media_type_id	serial		Y	PK			Auto increment
	media_type_name	varchar	100	Y				photo/video/drive link
	created_at	timestamp		Y				
Attendance_Meth ods	attendance_method_i d	serial		Y	PK			Auto increment
	attendance_method_n ame	varchar		Y				QR/manual upload
	created_at	timestamp		Y				
Attendance_Status es	attendance_status_id	serial		Y	PK			Auto increment
	attendance_status_na me	varchar	50	Y				pending/present/absent
	created_at	timestamp		Y				
Invitation_Method s	invitation_method_id	serial		Y	PK			Auto increment
	invitation_method_na me	varchar	50	Y				email & telegram
	created_at	timestamp						
Invitation_Respon ses	invitation_response_i d	serial		Y	PK			Auto increment
	invitation_response_n ame	varchar	50	Y		pending		join/maybe/decline
	created_at	timestamp		Y				
Booking_Statuses	booking_status_id	serial		Y	PK			Auto increment
	booking_status_name	varchar	50	Y				pending/approved/rejec ted
	created_at	timestamp		Y				
Invitation_Remind ers	reminder_id	serial		Y	PK			Auto increment
	invitation_id	int		Y	FK		Event_Invit ations	
	reminder_type	varchar	30	Y				1 day / 3 Hours
	reminder_mode	varchar	50	Y				simple/ask response
	is_sent	boolean		Y		true		True = reminder already sent
	sent_at	timestamp						Date/time when reminder was sent
	created_at	timestamp		Y				Record created time
